

TORRANCE HIGH SCHOOL

Tutoring List
Compiled on 1/06

The following list was compiled from tutors who have sent flyers to our school. We are providing this list as a service and do not recommend any one tutor over another. Some of the tutors teach in neighboring school districts and that is noted. Tutors without a school notated may also be teachers.

We highly recommend that parents request references prior to hiring any of these tutors.

Ask about the fees that may vary widely.
